If necessary, they should be obtained from the Public Works Department. They should keep a pony and should also have a peon each. Present scales of pay to remain intact, but should also include horse allowance.

Resolution.—The road is a necessity and must be made by the Public Works Department. The easiest and directest alignments should be settled and the musafirkhana should be built on the road near the station. The proposed musafirkhana at Devangundi village is useless. A.—Statement showing the particulars of works proposed to be carried out by the Revenue Department during 1896-97 :—

Taluk.	No.	Name of work.	Probable amount of estimate.	Remarks.
		I. Original works and repairs.		
			Rs.	
Hoskote.	1	Repairing the trunk road in the kasaba.	508	This estimate is sent as per verbal orders of the Deputy Commissioner when he visited the place. The road is outside the municipal town and is connected with the high road to Bangalore.
Devanhalli.	2	Repairing the road to Rajankunte.	157	The road was newly formed in 1894-95. It is reported to have been much cut up and not trafficable. Hence the repair.
	3	Repairing the road from Channarayapatna to Mettabande.	184	This work was done in 1894-95. The Amildar says that as no drains had been constructed on the road, the rain water has swept off the roads, here and there, and is not at all trafficable. The repair is necessary.
Doddaballapur.	4	Sinking a fresh water well in Mankala village.	662	There is no well in the village. Hardship for water is greatly experienced by the villagers who bring water from a well a long way off.
	5	Constructing a culvert over the halla at Madigarapalya.	55	There is a ditch on the way from the village to its suburbs. People and cattle find it difficult to cross it.
	6	Sinking a well at Kakol ...	70	The estimate originally sanctioned was exceeded by Rs. 60 and odd. A revised estimate for the excess expenditure has been called for from the Amildar.

Taluk.	No.	Name of work.	Probable amount of estimate.	Remarks.
			Rs.	
Nelamangala.	7	Repairing the musafirkhana at Gollahalli.	139	The tiles are damaged. Hence the roof is leaky.
	8	Forming a road from Dodbele town to the Railway Station.	332	This work is estimated for as per Traffic Manager's requisition whose letter is laid before the meeting (Prop. VIII.)
	9	Improvement of cart-track between Dodbele and Tyamagondlu road.	300	
	10	Repairing the musafirkhana at kasaba Kankanhalli.	274	The building is said to have been constructed some 70 or 80 years ago. From what funds and at what cost it was constructed cannot be stated. The building is leaky. There is no other place of shelter for travellers. To construct such a building newly would require about Rs. 2,000. The estimate sent last year had been returned for want of funds. The same is now re-submitted.
Closepet.	11	Repairing the road branching from the Madras-Cannanore road to Ramagiri hills.	208	The work was proposed in 1894-95. The work was given up as the funds were short. The Sub-Division Officer recommends the execution of this work.
	12	Sinking a fresh water well at Chikgangavadi.	126	
	13	Do at Dhaiyakapura ...	207	
	14	Do at Bidadi ...	139	The villagers execute earthwork costing Rs. 31.
Channapatna.	15	Deepening and stone-facing a well in the camping ground near Bairapatna.	96	Two trial wells were sunk here for the use of the Dorsetshire Regiment that passed through the place in January last. The sides are falling off. Hence the necessity for revetment.
	16	Improving the cart-track from Channarayapatna to Kudlur.	200	
	17	Sinking a well at Malegal ...	250	
	18	Do at Maogadahalli ...	200	
Anekal.	19	Constructing a culvert at Kudlu.	88	
	20	Sinking a well at Guddahalli..	184	
	21	Sinking a well in Bommasandra.	151	This is exclusive of the contribution of one-third cost recoverable from the villagers.
	22	Repairing the stables of the musafirkhana at Hebbagodi.	31	The estimate received last year was returned for want of funds. Now it is re-submitted.
			4,561	

II. Conservancy and Sanitary charges.

Nelamangala.	23	Clearing lantana hedges near the Sompur bangalo.	24	On a personal inspection of the place the Deputy Commissioner ordered that the hedges should be cleared. The estimate received last year had been returned for want of funds. The same is now re-submitted.
Magadi.	24	Constructing drains at Narasandra.	136	
	25	Do at Gudemarnahalli ...	195	
Anekal.	26	Village sanitation at Attibele.	288	
		Total Conservancy charges ..	643	
		Grand Total ...	5,204
